

PyWriter 0.1

- 01.09.23

User dialogue window

- ~~panel~~ . Dialogue history
- ~~text~~ . Input field

> Agents wrapper

- . OpenAI comm channel . skill library
- . model Identification ~~skill library~~
- . Toolbox <
- ~~Role~~ . Instruction prompt: Role, Toolbox
- . Conversation history ~~mem~~
- . report
- . Extend skill library

Toolbox

- . Create other agents
- . Write files
- . Run code
- . Read files and directories
- . Log to user

Comment:

- . User dialogue should be available on shortcut
- . Should have nice formatting like openAI itell
